

THE ILC EXPERIENCE...

"Living in the ILC was by far the most educational experience ever! Not only did I have the opportunity to

meet incredible people, but I had the opportunity to learn about new cultures without having to refer to a book. At the ILC, I saw my first Persian film and had my first taste of authentic Japanese cuisine. It has been a memorable experience."

Añjali Mehta
Transfer Student &
International Peer Adviser

"The ILC has provided so many chances to get out and explore America, as well as the other cultures of other ILC residents; something which is not offered often enough! I can say, without a doubt, I have made friends for life; friends from around the world; friends who I will never forget."

Simon Goble
International Student (UK) &
International Affairs Group Intern

"Living in the ILC has been an incredible experience. Whether it is bringing international friends home for a traditional Thanksgiving dinner, celebrating Guy Fawkes Night at the ocean, camping in Yosemite, or enjoying dinner with my housemates, my best memories from college have been at the ILC."

BUILDING AN INTERNATIONAL COMMUNITY

In order to make the ILC a true living and learning community, students also have opportunities to participate with the ILC Newsletter, ILC Committee and the International Affairs Group (IAG). Led by a student staff member, the ILC Newsletter features stories written by ILC residents from around the world. The ILC Committee is a student body group that serves as the voice of the community and the International Affairs Group (IAG), acts as a forum for students to examine international issues from global perspectives.

Make the International Living Center your home away from home...

The ILC offers a unique living environment in a distinct apartment community that thrives on understanding, cooperation and friendship among students from different nations, cultures, and backgrounds. In the ILC, approximately half of the students are from the US and half are from various countries around the world. Each year, 25–30 countries are represented at the ILC.
