Housing Billing and Payment

Payment Plan Options

Each student has a university billing account with UC Santa Cruz and a billing statement is generated each month there are charges due on your account. You can review your billing statement and account activity online through the Student Portal (my.ucsc.edu). If your parent/guardian will be paying your housing charges, you can grant them access to your billing statements and give them the ability to make payments on your behalf.

Payment Deadlines

The monthly rate is due and payable according to the attached schedule. The due date is not a postmark deadline, so please allow sufficient time for mailing.

Late Fees

It is your responsibility to **keep the Campus Housing Office informed of any payment delays**—no matter what the source of funds (financial aid, outside scholarship, personal funds, etc.). Our preference is to work with you if you are having difficulty meeting a payment deadline. A deferment of the due date, without a late fee, may be approved if you contact us prior to the payment deadline.

Late fees are assessed if full payment is not posted to your account by the established due date of each month. **Each housing late fee is \$25.00.**

Financial Aid Recipients

If you receive financial aid, most aid award(s) will credit directly to your university billing account once you have met all the conditions for aid disbursement. Financial aid awards credited to your account will be applied to tuition and registration fees first, and any remaining awards are then applied to your university housing and dining charges. Contact the Financial Aid and Scholarship Office at **(831)459-2963** with any questions regarding conditions for aid disbursement.

The California Department of Justice, sheriff's departments, police departments serving jurisdictions of 200,000 or more and many other local law enforcement authorities maintain for public access a data base of the locations of persons required to register pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via an Internet web site maintained by the Department of Justice at www.meaganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and ZIP code in which they reside.

NOTICE: Information about Bed Bugs

Bed bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red and brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

Bed bugs can survive for months without feeding.

Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

Common signs and symptoms of a possible bed bug infestation:

- Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.
- Molted bed bug skins, white, sticky eggs, or empty eggshells.
- Very heavily infested areas may have a characteristically sweet odor.
- Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.
