

FAMILY STUDENT HOUSING RENTAL CONTRACT | 2022-23

AND TERMS AND CONDITIONS OF RESIDENCE

This contract is an agreement between a University of California, Santa Cruz (UCSC) student, hereinafter called “Student,” and the Regents of the University of California, hereinafter called “University.”

I. Description: The following terms and conditions are effective in relation to a housing space (the “premises” or “apartment”) assigned by the University.

II. Rent:

A. Rent is due and payable according to the enclosed schedule. Monthly billing statements are posted online (my.ucsc.edu) for all students having unpaid University charges. A breach of this contract by the Student, including but not limited to delinquency in payment, may result in any or all of the following actions: a hold on enrollment and/or financial aid, and termination of the right of occupancy.

1. UCSC accepts credit card, e-check via MyUCSC Portal (my.ucsc.edu), cash, check, Western Union or Moneygram.
2. Cashier’s checks, personal checks, or money orders are payable to “UC Regents”, and can be mailed or submitted in person at the SBS Financial Service Center, University of California, Santa Cruz, 1156 High Street, Santa Cruz, CA 95064. Do not send cash.
3. It is your responsibility to keep the Family Student Housing Office informed of any payment delays—no matter what the source of funds (financial aid, outside scholarship, personal funds, etc.). Our preference is to work with you if you are having difficulty meeting a payment deadline. A deferment of the due date, without a late fee, may be approved if you contact us prior to the payment deadline. Late fees are assessed if full payment is not posted to Student’s account by the established due date. Each housing late fee is \$25.00. Late or incomplete payments may also result in a hold on enrollment to the extent allowed by law, and termination of the right of occupancy.
4. **Housing Enrollment Holds:** The residence rate is due and payable according to the published payment schedule. Delinquency in payment may result in a hold on your enrollment. Once the hold has been placed on your account, all past due charges must

be paid in order to release this hold. For more information, visit housing.ucsc.edu/billing

5. **Returned Checks:** After two instances of personal checks being refused payment by Student bank, the Student may be required to make future housing payments in secured funds (cash, cashier’s check, or money order).

B. Payment Due Dates*:

Fall Quarter: September 14, October 17, November 14

***Due dates subject to change. For updates, visit: sbs.ucsc.edu/payments_billing**

- C. For periods of occupancy less than one calendar month’s duration, the rent shall be prorated
- D. The University shall notify the Student in writing at least thirty (30) days prior to any change in the rental rate.

III. Deposit: The Student agrees to pay to the University a deposit of five hundred dollars (\$500.00) within seven (7) business days of signing the contract or prior to taking residence, whichever comes first. Failure to pay the deposit within the prescribed time period will render the contract null and void, and will release any reserved housing space unless authorized by the University.

- A. This deposit shall be held as a security deposit and shall be refunded upon termination of this Contract after making deductions for rent owed, late fees owed, and any amounts reasonably necessary (i) to cover repairs, damages, or loss caused by the Student, beyond reasonable wear and tear, (ii) to clean the apartment beyond reasonable wear and tear, or (iii) any other reason as allowed by law.
- B. After either the University or the Student provides notice to terminate the tenancy, the University and Student may mutually agree to have the University send, to an email account provided by the Student, a copy of an itemized statement indicating the basis for, and the amount of, any deduction from the security deposit, and may also agree to have the University deposit any remaining portion of the

security deposit electronically transferred to a bank account or other financial institution designated by the Student.

- C. In the event that the Student fails to occupy the apartment after accepting assignment, the Student understands and agrees to pay the University five hundred dollars (\$500.00) as liquidated damages, and not as penalty, for the University's administrative costs and damages.

IV. Eligibility: To be eligible to rent the premises, the Student must meet the eligibility requirements set forth in this Contract.

- A. The Student must be a **regularly enrolled full-time registered student** of the University of California, Santa Cruz (UCSC), during the academic year. Graduate students who have Advanced to Candidacy must enroll in a minimum of one 5 credit course each academic-year quarter. Following at least one quarter of occupancy, UCSC students are permitted to remain in residence during a University-approved leave of absence or withdrawal for one (1) quarter during residency at Family Student Housing.

B. The Student must either:

1. Have physical custody of their child/children or grandchild/grandchildren at least 50% of the time or more in any given month;
2. Live with a parent, sibling or grandparent;
3. Live with a spouse/adult partner with whom the Student is in a long-term, mutually-dependent relationship (i.e. not a roommate).

- C. The Student agree(s) to report all changes in family or student status to the Family Student Housing Office within seven (7) days of the change. If the Student's family status changes, this Contract is subject to review and the University will have the right to terminate the Contract if the Student no longer meets the eligibility requirements.

- D. The names of all household occupants (except any approved Additional Adult Occupant) must be provided during the housing application/contract process. The assigned apartment must be the verifiable primary residence address for all household occupants. Any change in occupants requires prior written approval from the University. Note: If the University approves the Student to have an Additional Adult Occupant, a separate Additional Adult Occupant Agreement must be signed and recorded with the Family Student Housing Office.

- E. Current and former UCSC students may not reside at Family Student Housing as a Household Occupant or as an Additional Adult Occupant if they are ineligible for university housing.

- F. The Student shall vacate the apartment no later than thirty (30) days after graduation or completion of degree.

V. Terms of Occupancy: This Contract is a month-to-month agreement

- A. If the Student took occupancy prior to January 1, 2018 and/or the Student's eligibility is based on having physical custody of their child/children or grandchild/grandchildren at least 50% of the time and/or living with a spouse/adult partner, the Student agrees that residence in Family Student Housing is limited to a maximum of five (5) calendar years (sixty (60) months) for each undergraduate student, six (6) calendar years (seventy-two (72) months) for each graduate student, and four (4) calendar years (forty-eight (48) months) for postdoctoral scholars. The maximum term of occupancy for resident families with two UCSC students is ten to twelve years.

- B. Families who are not expectant parents or do not have a minor child and moved into Family Student Housing on or after January 2018, please note the following Terms of Occupancy that may impact your household and continuing residency.

1. If you take occupancy on or after January 1, 2018 and your eligibility is based on living with an adult child, sibling, parent, or grandparent, then the terms of your contract would end on June 30, 2023, and that continued residence after this date is subject to availability in University Housing as determined at the sole discretion of the University.

2. In addition to the limitations specified in section V.B.1, if you take occupancy on or after January 1, 2019 and your eligibility is based on living with a spouse or adult partner without a minor child, then the terms of your contract would end on June 30, 2023, and that continued residence after this date is subject to availability in University Housing as determined at the sole discretion of the University.

- C. Due to the spread of the novel coronavirus, its threat to the health and safety of our community, and the evolving nature of this and future emergencies or health threats, the University may amend the terms of this agreement without notice to reduce spread.

- D. **Temporary Disruption:** The University shall have the right, at its sole and absolute discretion, to make a temporary housing assignment for the Student if the University deems such an assignment necessary or desirable. Student shall be responsible for moving or other costs associated with the temporary reassignment.
- E. **Disruption in Service:** Disruption of service, usually, but not limited to, dining or custodial services are rare but may occur without notice. In the event of any long-term changes in service, the University will communicate changes in service to Student, maintain or modify appropriate levels of service and deploy mitigation measures as necessary. By accepting room assignment Student agrees this is a binding Contract, the Student agrees that they have been advised of said potential disruptions, and acknowledges that there may be changes in service resulting from such disruptions and has agreed to such. Student Housing and Dining Services reserves the right, at its discretion, to adjust services to meet the changing needs of business.

VI. Residence and Housekeeping Provisions:

- A. **Additional Adult Occupant (AAO):**
 1. In addition to the permitted occupants as described in Section IV above, the Student may reside with one adult roommate (Additional Adult Occupant - AAO) and such AAO's permitted occupants as described below. An AAO can be: a single, eligible (as defined below) UCSC student or an eligible UCSC student and their child/children, subject to the five (5) person maximum occupancy limit for FSH. An "eligible" AAO is a regularly enrolled, full-time, registered UCSC student 18 years or older. AAOs may not take on additional "roommates" or sublet their room or any portion of the apartment.
 2. An AAO and the Student must sign the Family Student Housing Additional Adult Occupant Agreement (the "AAO Agreement"). The University must approve all AAOs and their child/children in writing prior to such AAO's occupancy of the apartment. Residence in the premises by an illegal roommate, or by an individual with a pending AAO request not approved by the University, is a violation of this contract.
 3. The Student acknowledges, as more fully set forth in the AAO Agreement, that the Student remains responsible to the University for all rents and damages for which the Student is responsible under

this Contract, even if solely caused by the AAO or their children.

- B. **Alterations & Decorations:** The Student will make **no alterations, improvements, or additions on the premises** without the prior written consent of the University. This includes drilling into walls and other structures as well as the use of nails. The Student is responsible for the cost of the removal by University staff of alterations and/or restoration of the premises to their original condition. Refer to the resident manual for more information.
- C. **Antennas/Satellite Dishes:** The Student must obtain written approval from the University prior to the installation of any aerial antennas or other electrical connections to the units.

- E. **Assignment:** The Student understands and agrees that the University reserves the right to make all apartment assignments and may transfer the Student and their family to another apartment at its sole discretion. Failure to comply with a housing assignment or reassignment is a material breach of this agreement and may result in the Student being denied the opportunity to participate in any future housing assignment change, and/or termination of the housing contract.
 1. **Important Notice:** As part of the new Family Student Housing project (Student Housing West), changes in apartment assignments within the existing Family Student Housing (FSH) facility may be required prior to the end of the contract. This would require you to move during your term of tenancy to another location within the current FSH (the University will provide relocation assistance). Additionally, as the new SHW FSH apartment facility is completed, qualifying families may be relocated to the new facility prior to the end of the contract. Other FSH tenants may no longer be eligible and will only be offered University Housing at the sole discretion of the University, and subject to availability.
 2. **Communicable Disease:** If you should contract a communicable disease, you may be reassigned to quarantine or isolation housing until you are no

longer contagious. Medical directives are contingent on public health conditions at the time of their implementation and are subject to change. It is the student's responsibility to stay current regarding the University's policies and requirements. See UCSC Roadmap to Recovery for updated policies, guidelines, and protocols [recovery.ucsc.edu](https://www.ucsc.edu/recovery). Due to their potential threat to the safety of the community, staff will confiscate any barbeques and fire pits and the Student will be subject to disciplinary action. No appliances may be placed or used anywhere out-of-doors. At all times, stairs, front entrances, and backyard gates will be unobstructed and reasonable passage (a minimum width of 22") will be possible for the full length of the backyard for the purposes of entering and exiting during fire or other emergencies.
- G. **Bicycles and Toys:** For safety, bicycles must be parked/locked in community bicycle racks, or inside the Student's apartment, fenced yard or balcony. In compliance with fire safety regulations, the above items may not be parked in public walkways, stairways or entryways and may not be locked to apartment building exteriors, stairwells, facility pipes, trees, fences or other structural elements. Bicycles improperly locked on premises may be removed. Above items must be labeled with FSH apartment number and year. The Student is encouraged to register each bike.
- H. **Construction:** Construction and/or remodeling or repair of academic and residential buildings on the UC Santa Cruz campus in the vicinity of the residential facilities is scheduled during the contract period. Construction may result in disturbances and disruptions, including, but not limited to, increased noise and dust in the area surrounding the residential facilities. There may also be both planned and unplanned utility shutdowns in the residential facilities. The Student agrees to pay all costs, including collection costs, court costs and fees, and attorney's fees incurred by the University in the collection of any money due under this Contract, and/or the enforcement of any of the terms and conditions of this Contract, and/or any unlawful detainer action in which the University is the prevailing party.

Within three (3) business days after assuming occupancy of the apartment, the Student will complete and sign an Apartment Inventory

Checklist form and deliver it to the Family Student Housing Office acknowledging receipt and condition of the apartment with any and all exceptions fully described therein. If the form is not delivered within three (3) business days, the Student forfeits the right to claim damages and will be held accountable for assessed damages upon vacating the apartment.

5. Student’s conduct and/or violation of the terms of this agreement while in residence may result in termination of contract. Contract termination due to student conduct violations does not relieve the Student of payment obligations for the remainder of the contract term and may affect future eligibility for all UC Santa Cruz housing.

The University reserves the right to withhold any refund due to the Student to recover outstanding Family Student Housing debts incurred by the Student as noted in Section III above.

IX. DISCLOSURE OF INFORMATION ON LEAD-BASED PAINT:

Lead Warning Statement: Family Student Housing was built in 1971. Housing built before 1978 may contain lead-

based paint. Lead from paint, paint chips, and dust can pose health hazards if not taken care of properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, landlords must disclose the presence of known lead-based paint and lead-based paint hazards in the dwelling. Residents will also receive a federally approved pamphlet on lead poisoning prevention.

X. MEGAN'S LAW:

Pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via an Internet Web site maintained by the Department of Justice at www.meganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and ZIP code in which they reside.

XI. NOTICE: INFORMATION ABOUT BED BUGS:

Bed bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red and brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

Bed bugs can survive for months without feeding.

Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

Common signs and symptoms of a possible bed bug infestation:

- Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.

- Molted bed bug skins, white, sticky eggs, or empty eggshells.
- Very heavily infested areas may have a characteristically sweet odor.
- Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.

For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.

In the event you discover or suspect a pest problem, immediately seek University assistance by placing a work order (fixit.ucsc.edu).

XII. CERTIFICATION:

The Student certifies under penalty of perjury that the application filed in connection with this Contract and the statements made by the Student appearing herein are true and correct. The Student agrees that any false statement made on the application filed in connection with this Contract and/or on this Contract may result in termination of this Contract, at the sole option of the University. The Student understands and agrees that the terms and conditions herein set forth constitute a binding contract between the Regents of the University of California and the Student. The Student has read, understands, and agrees to be bound by all the terms, conditions, and agreements contained in this Contract as well as the resident manual, and acknowledges that any portion hereof about which there was any question was brought to the attention of University officials who explained such portions to the satisfaction of the Student.

Re: Asbestos Containing Construction Materials on Campus

This notice contains general information about the presence of asbestos containing construction materials (ACCM) on the University of California, Santa Cruz campus, and is required by law to be provided to all employees. **For more specific information about asbestos containing construction materials in your building, please contact Environmental Health & Safety (459-2553).**

Background

Asbestos is a naturally occurring group of fibrous minerals once widely used in a variety of building materials. Asbestos fibers are still used in some building materials; however, UCSC prohibits the use of asbestos-containing materials in new construction and renovation projects. On campus, most asbestos is located in various pipe insulations, boiler insulations, floor tiles, linoleum and sheet vinyl floor coverings, sheetrock joint compound, adhesives, mastics, fire doors and roofing materials. Friable asbestos [material that contains more than one-tenth of one percent (0.1%) asbestos by weight and can be crumbled by hand] is a potential hazard because it can release fibers into the air if damaged. **Intact, sealed, and undisturbed materials are not a hazard.**

Current information and data indicate long-term exposure to asbestos from activities that directly disturb asbestos fibers (such as asbestos mining and product manufacturing) can lead to a variety of respiratory diseases, including asbestosis, lung cancer, and mesothelioma (cancer of the lining encircling the lungs). There is no immediate adverse health effect associated with asbestos exposure. The symptoms of asbestos related diseases do not manifest themselves for many years (typically 20-40 years).

Asbestosis: a non-malignant, irreversible disease resulting in fibrosis of the lung

Asbestos-related lung cancer: lung cancer, risk of contracting lung cancer greatly increases if exposed to asbestos AND the individual is a smoker

Mesothelioma: cancer of the lining encircling the lungs, may result from overall smaller exposures to asbestos

The health risk posed by asbestos to UCSC employees is very low due to the implementation of the campus' Asbestos Management Program. This program involves removal of damaged, friable asbestos, in-place management of undamaged asbestos-containing materials, and removal of existing asbestos containing materials during construction and renovation projects.

Asbestos Management and Surveys

Hall-Kimbrell Environmental Services, Inc. conducted a comprehensive survey for friable asbestos and prepared a survey report identifying the location and describing the condition of asbestos containing materials. Additional survey data is collected as part of the ongoing Asbestos Management Program during construction and renovation projects. **All asbestos survey data as well as the location of asbestos containing construction materials on campus is available from the EH&S Office.**

General Procedures and Handling Restrictions

The Environmental Health & Safety (EH&S) Office, Physical Planning and Construction (PP&C), Physical Plant, and the University Housing Maintenance Services maintain and implement the campus Asbestos Management Program. Through the combination of asbestos abatement projects and a continuing maintenance program, significant asbestos exposure hazards are eliminated from campus. However, asbestos fiber release could result when someone unknowingly damages or disturbs (drills, grinds, sands, cuts, abrades) asbestos containing construction material. **To avoid fiber release and potential exposure, only trained and certified employees may remove, repair or in any way disturb asbestos containing construction materials.**

To prevent asbestos fiber release, campus procedures require that EH&S performs a survey prior to any construction or renovation project to determine whether asbestos containing construction materials may be disturbed. Any asbestos containing materials that might be impacted are properly removed or encapsulated prior to construction or renovation work. Asbestos removal and encapsulation work is performed according to specifications developed jointly by EH&S and PP&C. EH&S oversees asbestos removal work, conducts air sampling, ensures the safety of nearby personnel and checks spaces to determine they are safe for re-occupancy. EH&S and PP&C take the following actions to eliminate or minimize campus exposure to asbestos:

1. **Maintain up-to-date information** regarding the location of all asbestos containing materials on campus
2. **Respond to employee concerns** to assure that asbestos hazards are properly addressed
3. **Conduct air sampling** and physical inspection of work areas that include asbestos containing construction materials
4. **Train campus employees** who maintain, impact or remove materials containing asbestos
5. **Educate the campus community** on the relative hazards of asbestos and on the importance of notifying EH&S or Physical Plant of the presence of damaged materials they suspect may contain asbestos

If you have any questions about this notice or if you become aware of a situation you believe might lead to airborne asbestos fiber release, please contact EH&S at 831-459-2553.
