 4. University may terminate this Contract and all attendant rights of occupancy upon 30 days’ notice to Student.
 5. University may terminate this Agreement with less than thirty (30) days notice if the University reasonably determines that (i) termination is necessary for safe operation of its housing program, including but not limited to the need to take preventative or mitigatory action regarding emergencies, natural disasters, disruptions by third party agencies, and/or the spread of infectious disease; and (ii) termination is necessary for compliance with an order of a public health agency.
- B. **Request for cancellation of this contract by Student** must be made in writing to the Residential Life Office at least one week prior to the requested move-out date. Requests may be granted only under the following circumstances:
1. The status of Student’s eligibility changes.
 2. Student receives University permission due to a verified hardship resulting from a significant financial, medical, or personal situation.
- C. **Approval of Cancellation or Termination:** University must approve in writing all requests for housing cancellations with an official termination date before Student may be considered released from this contract. Moving out or turning in keys without official approval does not constitute termination of this contract.
- D. If University initiates a termination of this contract, Student’s residence rate shall be prorated based on length of residence. Student may also be charged the standard contract cancellation fee.
- E. **Contract Modification:** This contract may be modified only upon mutual agreement of Student and University, except as otherwise allowed in these terms and conditions. Any agreed upon modification(s) shall be recorded as amendment(s) to the contract *by the Campus Housing Office*.

V. Termination and Modification of Contract

- A. **Cancellation or Termination by University:** This contract and all rights of occupancy hereby conferred may be terminated by University under the following circumstances:
1. Given written **three (3) days notice** if Student fails

F. Vacating Residence:

1. Upon termination of the contract, Student agrees to **surrender the premises to the University by 12 noon on the termination date**, unless prior written consent of University is granted for Student to remain in residence on a day-to-day basis. In this case, Student will be charged a per diem rate for any period of residence beyond this date.
2. Student shall be individually liable for the **removal of all property of the Student**. Any Student property left in the residence after termination date will be deemed abandoned, and the University may take possession of and dispose of such property in any manner it deems appropriate in accordance with University regulations and applicable law, without any liability to the University whatsoever.
3. Student understands and agrees that the **Student remains responsible** for the premises, fixtures, furniture, and for paying **the full residence rate, until all keys are returned to the University and notice is given that the residence has been vacated**.
4. **Move-out:** Upon termination of the contract **University will conduct an inspection of the premises** and will assess damage and cleanliness based on examination of the room/apartment at the time of the inspection. **Student may choose to be present** during the inspection or select an express check-out. If Student selects an express check-out it is understood Student agrees to waive any right to be present at the check-out inspection and Student agrees to be held financially liable for necessary cleaning, the repair of any damaged item, and/or the replacement cost of any item lost, missing or damaged beyond repair. Student understands that by selecting an express check-out any right to contest/appeal cleaning, damage or replacement charges is waived. It is recommended that Student follow the standard check-out process if concerned about damage responsibilities.
5. **Abandonment:** A portion of the residence rate may be refundable if the contract is terminated for causes pursuant to these Terms and Conditions. In the event Student abandons the residence, **Student shall be liable for the full residence rate** for the balance of the contract period, as well as any other costs incurred by University as a result of such abandonment, unless and to the extent that a replacement Student is assigned

to the same space and/or University has waived such liability in writing.

- G. **Waivers:** Any waiver or non-enforcement by University of any term or condition of this agreement shall not constitute a waiver of any subsequent breach of the same or any other term or condition of this agreement. Acceptance by University of any rental payment after Student's breach of any provision of this contract agreement shall not be deemed a waiver of such provision or any prior or subsequent breach of any provision, other than Student's failure to make timely payment of the housing payment so accepted, whether or not University knew of the prior breach at the time such payment was accepted.

Housing Billing and Payment

Each student has a university billing account with UC Santa Cruz and a billing statement is generated each month there are charges due on your account. You can view your billing statement and account activity online through the MyUCSC Portal (my.ucsc.edu). If your parent/guardian will be paying your housing charges, you can grant them access to your billing statements and give them the ability to make payments on your behalf.

Late Fees

It is your responsibility to keep the *Campus Housing Office* informed of any payment delays—no matter what the source of funds (financial aid, outside scholarship, personal funds, etc.). A deferment of the due date, without a late fee, may be approved if you contact us prior to the payment deadline.

Late fees are assessed if full payment is not posted to Student's account by the established due date. Each housing late fee is \$25.00. Late or incomplete payments may also result in a hold on enrollment to the extent allowed by law. The due date is not a postmark deadline, so please allow sufficient time for mailing.

Housing Enrollment Holds

The residence rate is due and payable according to the published payment schedule. Delinquency in payment may result in a hold on your enrollment. Once the hold has been placed on your account, all past due charges must be paid in order to release this hold. For more information, visit housing.ucsc.edu/billing

Financial Aid Recipients

If you receive financial aid, most aid award(s) will credit directly to your university billing account once you have met all the conditions for aid disbursement. Financial aid awards credited to your account will be applied to tuition and registration fees first, and any remaining awards are then applied to your university housing and dining charges. Contact the Financial Aid and Scholarship Office at (831) 459-2963 with any questions regarding conditions for aid disbursement.

NOTICE: Information about Bed Bugs

Bed bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red and brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

Bed bugs can survive for months without feeding.

Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

Common signs and symptoms of a possible bed bug infestation:

Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.

Molted bed bug skins, white, sticky eggs, or empty eggshells.

Very heavily infested areas may have a characteristically sweet odor.

Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.

For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest Management Association.

In the event you discover or suspect a pest problem, immediately seek University assistance by placing a work order (fixit.ucsc.edu).
