  - a. **New students** pay the advance housing fee at the time they complete the online process to accept the offer of admission to UC Santa Cruz.
    - i. New undergraduate students are eligible for a one-year housing guarantee if they indicate a preference for university housing when accepting their offer of admission and meet all housing application deadlines. Students who indicate a preference for off-campus housing during the admission acceptance process will not receive a housing guarantee even if they submit a waitlist application for university housing.

In the event the University determines the Student has abandoned the premises, the University may re-enter and take possession of the residence.
3. **Payment of Housing Charges:** The residence rate is due and payable according to the attached schedule. **A breach of this contract by Student, including but not limited to delinquency in payment, may result in any or all of the following actions: suspension of contracted meals, a hold on enrollment and/ or financial aid, and termination of the right of occupancy.**

4. A variety of educational enrichment opportunities and co-curricular programming are included in the residence rate.

## Billing and Payment

### Payment Plan Options

Each student has a university billing account with UC Santa Cruz and a billing statement is generated each month there are charges due on their account. Students can view billing statement information and account activity online through the MyUCSC Portal ([my.ucsc.edu](https://my.ucsc.edu)). If Student's parent/guardian will be paying their housing charges, Student can grant them access to billing statements and give them the ability to make payments on their behalf. Visit [sbs.ucsc.edu](https://sbs.ucsc.edu) for more information about granting parent/guardian access.

The Campus Housing Office offers **two types of billing options for housing charges**. Both billing options require payments to be made within each quarter's payment deadlines. Students have the option of paying their housing fees in **one payment each quarter**, or having their quarterly housing charges divided into **installments due on the monthly due dates of each quarter**. Unless a payment plan is requested, housing charges are billed and full payment is due in one payment on the first due date of each quarter. Monthly billing may consist of fewer payment installments in instances when a student is assigned to housing after the first bill of the quarter has been generated.

### Payment Plan Application Process

To apply for a **monthly installment payment plan**, check the **"Monthly"** billing option on the housing application. For billing of housing fees in one quarterly sum, check the **"Quarterly"** billing option. If Student anticipates financial aid awards will cover all or most of their housing charges, selecting the quarterly billing option is recommended.

Students who receive financial aid awards expected to cover an excess of one-third of their housing charges will be billed quarterly. A personalized payment plan can be requested for the remaining balance due by contacting the Campus Housing Office after the quarterly bill is created.

Students who would like to request a **personalized payment plan**, tailored to meet their individual needs—delays in financial aid disbursement, employment pay schedule, etc.—should contact the Campus Housing Office **before the first payment deadline of each quarter** to make payment arrangements.

### Late Payments

The residence rate is due and payable according to the published payment schedule. The due date is not a postmark deadline, so please allow sufficient time for mailing.

It is the Student's responsibility to keep the **Campus Housing Office** informed of any payment delays—no matter the source of funds (financial aid, outside scholarship, personal funds, etc.). A deferment of the due date may be approved if the Student contacts us prior to the payment deadline.

Delinquency in payment may result in a hold on enrollment, preventing registration in future classes. Once the hold has been placed on the account, all past due charges must be paid in order to release this hold.

A breach of this contract including but not limited to delinquency in payment may result in the University taking action to terminate this contract and the termination of the right of occupancy.

In the event of cancellation, expiration, or termination of this housing agreement, any remaining unpaid housing charges may become subject to further debt recovery and collection efforts.

For more information, visit [housing.ucsc.edu/billing](https://housing.ucsc.edu/billing).

### **Financial Aid Recipients**

**If Student receives financial aid, most aid award(s) will credit directly to their university billing account once all the conditions for aid disbursement have been met.** Financial aid awards credited to the student account will be applied to tuition and registration fees first, and any remaining awards are then applied to university housing and dining charges. Contact the Financial Aid and Scholarship Office at **(831) 459-2963** with any questions regarding conditions for aid disbursement.

# ADDENDUM: Lithium-Ion Battery Safety

## CAL FIRE - OFFICE OF THE STATE FIRE MARSHAL INFORMATION BULLETIN 24-001

Issued: January 23, 2024  
Updated from IB 23-003

### Lithium-Ion Battery Safety

#### BACKGROUND

Lithium-ion rechargeable batteries are commonly used in home electronics such as phones, batteries are small and powerful, but when used incorrectly, they can overheat, catch fire, or explode. Fire agencies across California continue to respond to fires caused by lithium-ion batteries.

#### REQUIREMENTS FOR STORAGE OF ELECTRONIC BIKES, SCOOTERS, AND OTHER ELECTRONIC MICROMOBILITY DEVICES IN RENTAL HOUSING

California Civil Code (CIV) Section 1940.41 defines a "Personal micro-mobility device" as device with both of the following characteristics:

- (A) It is powered by the physical exertion of the rider or an electric motor.
- (B) It is designed to transport one individual, or one adult accompanied by up to three minors.

CIV 1940.41 that takes effect January 1, 2024, the new law affects storage of e-bikes, e-scooters, and other *personal micro-mobility devices* stored in a rental housing unit. The owner may prohibit the tenant from charging a device in the unit if the device does not meet the standards listed below. It allows for storage and charging of up to one e-bike, e-scooter, or other *personal micro-mobility device* in the rental unit for each person occupying the unit if the device meets one of the following:

- A. Complies with the following safety standards:
  - For e-bikes, UL 2849, the Standard for Electrical Systems for E-bikes, as recognized by the United States Consumer Product Safety Commission, or EN 15194, the European Standard for electrically powered assisted cycles (EPAC Bicycles).
  - For e-scooters, UL 2272, the Standard for Electrical Systems for Personal E-Mobility Devices, as recognized by the United States Consumer Product Safety Commission, or EN 17128, the European Standard for personal light electric vehicles (PLEV).
- B. Is insured by the tenant under an insurance policy covering storage of the device within the tenant's dwelling unit.

## CAL FIRE - OFFICE OF THE STATE FIRE MARSHAL INFORMATION BULLETIN 24-001

NOTICE: Information about Bed Bugs

**Bed bug Appearance:** Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red and brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.

**Life Cycle and Reproduction:** An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.

Bed bugs can survive for months without feeding.

Bed bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.

Common signs and symptoms of a possible bed bug infestation:

- Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls.
- Molted bed bug skins, white, sticky eggs, or empty eggshells.
- Very heavily infested areas may have a characteristically sweet odor.
- Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.
