Graduate Student Housing (GSH) is an intimate community housing 82 students, and is home to a diverse group, including students from all over the United States and the world. Bordered by redwood trees, furnished apartments for single graduate students are located on the west side of campus and are about a five-minute walk from “Science Hill,” home to many of UCSC's main academic facilities. City and campus bus stops are nearby, and on-site parking is available. The apartments were designed with privacy, energy conservation, and aesthetics in mind.

The GSH Handbook is an extension of your housing contract and a quick reference for many GSH policies and resources. Please call (831) 459-5712 or email gradhousing@ucsc.edu with any questions.

GUIDE TO LIVING AT GSH

Alcohol

Alcohol use and consumption is allowed in accordance with university policy. Alcohol consumption and open containers are not permitted in GSH public areas.

Apartment Alterations

Altering your apartment with painting, plumbing, appliances, construction, etc. is not allowed. Contact the GSH Office with specific apartment concerns and requests.

Apartment Style

Most apartments have four single bedrooms, living room, kitchen, dining room, patio area, and bathroom.

BBQ

Personal barbecues, fire pits and outdoor fireplaces are not allowed. There is a community barbecue available for residents’ use.

Bicycles and Skateboards

We recommend you get a CA registration for your bicycle (available at OPERS on campus). See http://taps.ucsc.edu/commute-options/bikes/index.html for information about Bike Safety, Services and Programs at UCSC. Bicycles that appear abandoned or locked to buildings, trees, etc. will be removed by Facilities staff and held on-site for two weeks. Unclaimed bikes are donated to charity. Please note that skateboarding at GSH and on the UCSC campus is not allowed.
Candles, Incense, and Sage are not Allowed

No smoking materials, including the items listed above, can be burned in any residential room or apartment. Because of the high risk of fire, halogen lamps are also prohibited.

Cellular Service

The UCSC campus is built within a redwood forest on rolling land and this causes variable cellular reception. An antennae upgrade has improved cellular service, but some areas on campus still receive poor reception.

Drugs

Possession, use, or involvement with illegal drugs or controlled substances including marijuana and paraphernalia is a violation of UCSC housing policy and the UCSC Code of Student Conduct. [https://caps.ucsc.edu/counseling/aod/](https://caps.ucsc.edu/counseling/aod/)

Email

Monitor your UCSC email address regularly as GSH and UCSC sends out important notices and community alerts. Email is the primary form of communication on campus.

Emergencies

The UCSC home page will have announcements and updates during emergency situations. For incidents specific to GSH, you will receive notices with information regarding support and services. CruzAlert is the UCSC emergency notification system used to quickly communicate information to you during emergency situations. To register, visit: [https://oes.ucsc.edu/cruzalert/](https://oes.ucsc.edu/cruzalert/)
Fire Alarms / Fire Safety

Report malfunctioning fire alarms on a Fix-it immediately (see below). Call 911 if you smell smoke, or for any other emergency. If your fire alarm goes off while cooking, open your windows and wave a towel at the alarm to disperse the smoke. Candles, incense, and open fires are not allowed. Do not store gasoline or fuel. Call 911 if you see someone setting a fire or playing with matches.

Fix-its

For repair and maintenance requests, go online to: fixit.ucsc.edu. Maintenance staff typically respond within 24 hours on weekdays. You do not need to be at home for maintenance issues to be addressed. Major issues such as flooding, broken window or sewer backup should be called in to GSH office or after-hours staff immediately. Please see the contacts section of this Handbook.

Guests

The housing contract allows a student to have a visitor stay in their room, with restrictions. Please talk to your roommate(s) about guests. Students may have a guest(s) for up to three (3) consecutive days and up to fifteen (15) days during one academic year. Residents are responsible for the actions of their guests at all times. See the Terms and Conditions of residence for specific policy details: https://housing.ucsc.edu/publications/index.html#terms

Internet

Each room in your apartment has an ethernet port for your use. In your apartment you can connect a wireless router for wireless in your apartment. Note* You may be able to see eduroam from your apartment, the eduroam network is set up for the office building and the lounge in building 2, so if too many people try to connect to that it will result in very slow connections and dropped connections, so for the best connection use your apartment Ethernet.
Kitchen Fires

Most residential fires begin on the kitchen stove. When cooking, especially with oil, always have the proper size lid to cover the container should a fire occur. Hot plates and portable burners are not allowed at GSH. Remember to never leave the kitchen unattended while cooking.

Laundry

Graduate Student Housing has one communal laundry room. The laundry machines are serviced and operated by CSC Service Works. The laundry machines accept payment with AMEX, Discover, Visa, MasterCard. You can also use an Apple, Samsung, or Droid payment device. For more information, visit: https://orientation.sa.ucsc.edu/r1/ucsc-post-orientation/content/post20.html.
